

Recognizing people; Creating opportunities

Corporate presentation 2023

Definition

Plataforma Educativa (PE), formerly known as Asociación Plataforma Educativa 3S, is a social initiative created in 1994. In 2001 it became a foundation until 2021, year in which Plataforma Educativa changed its status into a corporative conglomerate.

Several non profit organizations that aim to improve the well being of people with less “means” or at risk of social exclusion are part of Plataforma Educativa.

Plataforma Educativa offers its help to the member organizations, working together to create new opportunities through the acknowledgement of its “users”.

Mission

To create a network of entities that offers innovative and professional alternatives to people at risk of exclusion with the purpose of improving their lives.

Vision

To be a referential organization, that puts the users personal situation at the center, acting from a common, responsible and innovative perspective.

VALUES

Justice

We work for a fairer world through responsibility and the promotion of social equality and well being.

Complementarity

We want to integrate agents in the territory and to develop proximity services adapted to the needs of the territory of its inhabitants.

Commitment

We want to be a participative, ethical, professional, and respectful with both the environment and the people type of organization.

Rethink Ourselves

Through innovation, we work with a creative, dynamic and open mind to promote permanent research analysis of needs.

Transparency

We seek action based on trusting the person, acting with responsibility and total transparency towards society.

We provide transversals services for the entities of PE:

- Internationalization
- Implementing of digital processes
- Search funds
- Knowledge management
- Financial management support
- Human Resources management support
